

Norwegian Elkhound Notes September 28th 2025

I've been asked to bring the following to your attention, but you don't have much time.

"The Norwegian Elkhound Club of Great Britain's e-Magazine closes for copy on 31st October 2025. Just to remind you that your articles, stories, poems, etc should be sent to Katherine Tress by email to brightbonanza@yahoo.co.uk. Funny stories, poems and photos, information about life with a Norwegian Elkhound, adverts etc. Katherine is happy to receive whatever you can send to her please. For those of you that have said a fond "farewell" to a dog, you are welcome to place an advert or a box on the obituaries page. Please look at the last e-Magazine on necgb.net for ideas."

Remember you can put your Christmas Greetings in the magazine for all your friends. I'm afraid I haven't been given the prices for adverts. Please tell anyone you know who doesn't have internet.

The schedule is already out for the 2026 NEAS Open Show on Fosse Data. Why not download it now so you don't forget and mark it on your calendar. It will be held at Middlebie on May 15th 2026. The judge is Luke Johnston (Danluke). Entries close April 24th (postal) and 30th (online.)

Saturday was Belfast Show. No CCs there for us now so no one travelled over. There were just two entries, both puppies out of the same litter bred by Theresa McKittrick.

Judge: Mrs. C. Hoier [Denmark]

Best Dog - Cnocanoir An Goban Saor (Ms T Mckittrick)
Best Bitch - Cnocanoir Orr of Osteire (Mrs C Flanagan)
Best Of Breed- Cnocanoir Orr of Osteire (Mrs C Flanagan)
Best Puppy - Cnocanoir Orr of Osteire (Mrs C Flanagan)

The remainder of General Ch shows for this year are

South Wales (Oct) R. J. Price Oct 12th

Norwegian Elkhound Assoc of Scotland (Oct) Mrs V. J. Mchugh Oct 18th.

I have my second cataract operation next week which is on the one eye I can read with using my old glasses so apologies in advance if I can't find any old glasses that allow me to type. I'm expecting the completed Journal next week which then must go for proof reading before I can send it to the printers so I need to be able to read.
